

# Transportation & Warehousing Over 100 Years of Expertise!

Total Distribution, Inc.

A Peoples Services, Inc. Company

**Peoples Services, Inc. is committed to going beyond logistics to provide a better solution to meet our clients' evolving logistic and distribution challenges.**

#### Food Grade Services

Nineteen of our facilities are FDA registered, offering dry, cold, and freezer temperature-controlled storage. Four facilities have passed the American Institute of Bakers (AIB) or American Sanitation Institutes (ASI) safety inspections and meet their stringent food guidelines. We can also provide temperature controlled transportation at these sites.

#### Chemicals | Safety

A safe work environment is a priority for our employees. Our warehouse associates are trained on and certified to handle hazardous or sensitive items. Peoples Services is one of only three warehouse companies in the country to achieve the American Chemistry Council's Responsible Care Management System® certification and the NACD Responsible Distribution Affiliation. Five Ohio facilities have achieved the SHARP designation for their reduction of hazards and low incidents rates.

ISO:9001:2015

## Beyond Logistics for a Better Solution

Peoples Services, Inc. is a network of wholly-owned 3PL companies that provide **supply chain logistics, freight brokerage, and asset-based transportation**. Our facilities specialize in food grade storage and transport, automotive, polymers, plastics, and chemicals, including customized packaging and value-added fulfillment services. With 8 million square feet of warehouse space across seven states, we have the scope to handle your distribution challenges.
